

To The Post Office Ltd

Dear Sirs,

Response to the proposed Closure of Marsham Post Office

I strongly disagree with the proposal to close Marsham Post Office on the following grounds:

1. The post office provides a valuable community service to local residents, many of whom are elderly and reliant on others, and will be unable to travel to post offices further away.
2. Marsham PO is very accessible for those with limited mobility or who are unable to use the bus service, unlike the proposed alternative in Aylsham which has no parking and is dangerous for dropping off.
3. Marsham Post Office is next door to the Village Hall and so has access to parking.

Yours faithfully,

Name:
